Course description and content:

Participants will expand their perspectives, learn new material and integrate all facets of directing their camp. The BCDC Instructors will bring their expertise affording a variety of experience and a depth of knowledge. The following thirteen core areas in four management tracks will be covered:

- *Strategic Management* – Leadership, Target Population, Mission & Purpose
- *Program Management* – Participant Development & Behavior, Program Design & Activities, Human Resources
- *Operational Management* – Risk Management, Business & Finance, Marketing
- *Camp Community Management* - Health & Wellness, Site & Facilities, Food Service, Transportation

The excitement of BCDC arises from comparing how you and others apply these common concepts in your own camps, then developing a “best practices” approach which small groups then apply to a model case-study camp which each group creates from mission to program activities and a site map. Through the four days run threads of common experience, mutual sharing and support for each participant. This is an intense course – come prepared for long days & evening sessions.

Opportunity to Attend the Mid States Camping Conference:

You are cordially invited to also attend the 2011 Mid States Camping Conference, Thursday afternoon, March 10, 2011 through mid afternoon on Saturday, March 12, 2011. Mid States is held at Pheasant Run Resort, St. Charles, IL, 45” drive from Camp Henry Horner. The sessions, networking and community atmosphere compliment and enhance the BCDC experience.
